

Once upon a time there was a hare
Its paws were so cold from the snow!
But it found a bike
So it went for a hike
And it rode through the snow on the go!

Once upon a time there was a bear
Who found he barely could care!
One day his friend came biking,
The bear found that exciting
So now the bear bikes everywhere!

Once upon a time there was an elk
Who stood on his head for a treat
But he began to feel dizzy
And really, was busy
So he biked to the farmers field to eat!

Once upon a time there was a reindeer
He was helping out Santa Claus each day
But it got so cold
His nose lost its hold
So taped it to get it to stay!
